Members Absent: Eric Ostroff and Josephine Pampanas

Dear Honorable Mayor and City Commission:

Miami Dade Transit provided a presentation to the Transportation and Parking Committee on Monday, December 2, 2013, regarding their plan to install modems on all South Beach Local buses. This will enable bus riders, via a telephone app, to track location and arrival times of the SBL buses, as well as provide free wifi to passengers.

The Transportation and Parking Committee passed a motion requesting that the City of Miami Beach go forward with this plan.

Sincerely,

Transportation and Parking Committee
